DOCTOR DEMONSTRATES PENIS ENLARGEMENT CAN WORK!

Amongst the numerous claims made in this most sensitive field comes an entirely new method, the result of two years research by a world famous Sexologist.

Studies have shown this method to be reliable and safe. While most methods remain closely guarded secrets the Chartham Method has nothing to hide. All the facts are published including actual case histories—a firm testimony to the success of this revolutionary method.

The Chartham Method is a proven means of increasing the size of the male organ, both in the flaccid and erect state, developed and tested by Dr. Robert Chartham, Ph.D., Consultant Editor to Penthouse Forum.

There has never been, until now, anyone of repute willing and able to undertake a serious investigation into the possibility of increasing the size of the penis. The medical profession has always scoffed at both the desirability and possibility of achieving this.

The desirability is surely the choice of the individual, while the possibility is obvious, when one thinks about it.

An erection is produced by erotic stimulation, transmitted from the brain via the appropriate nerves, causing the penis to be liberally charged with blood, which causes it to expand and stiffen.

Basically speaking, to enlarge the erection, it is necessary to increase the blood flow and to stretch the erectile tissues of the penis to accommodate the extra blood.

These are the two most important problems successfully solved by Dr. Robert Chartham, during his lengthy investigations.

Dr. Robert Chartham Ph.D. is the author of a dozen books on sexology with world wide sales of over 9 million translated into eleven different languages. He has been a sex counsellor for 40 years and has his own clinic in London, England, where he receives over 4,000 letters a year from all over the world. He also lectures on sexual psychology at many British Universities, has spoken on television in both America and Britain, and was the pioneer of sex education for teenagers in the U.K.

THE FACTS ABOUT THE CHARTHAM METHOD

Dr. Chartham's interest in the possibility of increasing penile dimensions caused him to investigate such alleged methods as were already in existence. To this end he was able to call on the assistance of a number of men who have helped him in other experiments.

His initial research showed that the fantastic claims made by many of these methods were backed by no concrete evidence whatsoever and experiments proved them virtually useless. However, two methods did succeed in producing some improvement — the Maghaphall Course and the Vacuum Developer.

The improvements gained by the former were slight but permanent and also resulted in a much firmer erection. The Vacuum Developer produced considerable improvement, but only of a temporary nature. Various models of these were tested but some were found to be positively dangerous in use, with the result that Dr. Chartham decided on one of his own design.

He next used these two methods in conjunction with each other and achieved considerable success.

Further research enabled Dr. Chartham to incorporate additional improvements in order to combine them to the best possible advantage. The result was an entirely new method of penile development.

He then tested his method with 15 men of varying age groups. The following results are exactly as stated in his report.

Of the 15 who took part, 3 were aged 21, 23 and 24 respectively; 4 were between 28 and 35; 5 were between 40 and 45 and 2 were 51 and 54 respectively. The 21 and 23 year olds added up to 1¼" in length and ¾" in girth. The 24 year old added 1" in length and just over 1" in girth. The 28s to 35s between ¾" to 1" in length and between ½" and ¾" in girth. The 40s to 45s were within the same limits, though one added 1½" to length and an inch to girth. The 51 year old added ¾" to length and an inch to girth, and the 54 year old put on ¾" in length and just over 1¼" in girth.

A latecomer to the tests was a man in his early 60s, whose measurements were already 6½" in length and 5" in girth, yet produced the surprising results of 1.3" in length and 0.7" in girth by the time all had completed the course, though he carried it out for one month less than the rest.

These results are even more amazing than at first appears.

First, there was not a single failure in any age group. Secondly, the increases both in length and circumference are quite remarkable when one considers them in perspective. To appreciate what an increase in girth of ¾" means, take a tape measure and curl the end over to make a circle of 4¾" (roughly average penis circumference) then move it out to 5½". The difference in length can be shown by holding a ruler against the length of your own erect penis and imagining another 1" added.

SOME QUESTIONS AND ANSWERS ABOUT THE CHARTHAM METHOD

Q. Why should a man wish to increase the size of his penis, when all the books say that size doesn't matter?

A. It is a fact that the size of a man's penis does not physically affect his sexual performance or his ability to give satisfaction to his partner. Dr. Robert Chartham, has for over 30 years attempted to convince worried men that their feelings of penile inferiority were unfounded. However, of recent years he has come to the conclusion that, psychologically, the size of a man's penis is of vital importance to him and, that no amount of assurance will convince the underdeveloped man that he can be the sexual equal of his more well endowed neighbour. Neither is it possible to convince the average woman that a larger penis will not necessarily afford her more sexual enjoyment. The penis is the symbol of man's masculinity and any fears as to its dimensions being inadequate can be extremely damaging to his sexual confidence. On the other hand, the man who is well endowed in this respect has every confidence in his lovemaking.

Q. What does the Chartham Method consist of?

A. The Chartham Method consists of the course manual, containing detailed and illustrated instructions as to the exercises, manipulations and massage, together with the Vacuum Developer, which is used in conjunction with these. There are no drugs or medications. The instruction manual has been written by Dr. Chartham himself in clear and concise language, making it simple for anyone to follow. The specially designed Vacuum Developer is made of clear material so that you can actually see the penis expanding during use. This model has been specially constructed so that no harm can be done to the penis by it's use, according to the instructions. The course needs to be carried out for 12 weeks in order to obtain maximum results.

Q. How does the Chartham Method work?

A. Expressed as briefly as possible, the rationale of the Chartham Method lies in stimulating the circulation to increase the supply of blood to the genital region; in promoting the elasticity and expansile properties of the vascular tissue of shaft and glans; and in enabling the subject to achieve positive control of normally involuntary muscle action.

Q. Is the Chartham Method suitable for me?

A. Yes, if you are in a reasonable state of health and wish to increase your penis dimensions. No, if you suffer from heart trouble or any condition whereby you cannot safely indulge in moderate exercise.

Q. What is the cost of the Chartham Method?

A. The total price is $39.95, includes postage and handling. Available only thru the mail. The instruction manual is printed in English, German, Italian and French.

If no results are achieved after carrying out the Chartham Method as directed a full refund will be made on its return to us.

Letters to INTERCOURSE the Editor

BIG BROTHER IS HERE AND WATCHING YOU!

■ You may already be aware of what's happening here in Memphis but, just in case you aren't, I'm writing this letter to tell you about Tennessee's most bizarre criminal indictment since the Scope's Monkey Trial.

Harry Reems, one of the stars of 1972's *Deep Throat*, has been indicted and charged with "conspiracy to produce, distribute, and knowingly cause the shipment of a motion picture that breaks the law of the United States." A copy of the film was seized while being transported from Fort Lauderdale, Florida to a movie house here in Memphis, and Harry is currently in the midst of the bizarre trial.

Folks down here think that the whole affair is simply a tactic of harrassment because as Harry, himself, has said, "As an actor I have nothing to do with the film's distribution, but I'm being charged as a co-conspirator in the film's distribution." This is the first time a performer has ever been subjected to *federal* prosecution—even Lenny Bruce was charged in local courts. Another reason we believe Harry is simply being harrassed is the charge that the motion picture "breaks the law of the United States." What law?

Although *Deep Throat's* producer, Gerald Damiano, and Harry's co-star in the film, Linda Lovelace, have been granted immunity from prosecution in return for turning state's evidence, Harry faces a heavy fine and up to 15 years in prison if he is declared guilty.

Actors, producers and writers from Hollywood have made a commitment to come down and testify in person for Harry (Warren Beatty, Jack Nicholson, Bert Schneider, Tony Bill and Buck Henry), and any help you and the other readers of Hick can give will be appreciated.

J. S. Cannon
Memphis, Tenn.

Dear J. S. Cannon:

First of all, Hick will be only too glad to extend whatever help it can to Harry Reems, or to anyone else who runs into such obvious political bullshit as the Memphis trial.

We will publicize the names of the people responsible for such blatant violations of our constitutional rights. This, supposedly, is a free country and we cannot afford to let a few idiots destroy our freedoms. Pornography is harmless; indeed, in many cases, theraputic. Anyone who is offended or bothered by it has a simple choice: don't watch it! No one is standing at the theatre door with a gun and forcing people inside—one enters of one's free will!

We must all band together and vote those puritan assholes out of office and take away their power to harass and endanger the lives of anyone!

The inside story of how to dupe the public!

"SNUFF"

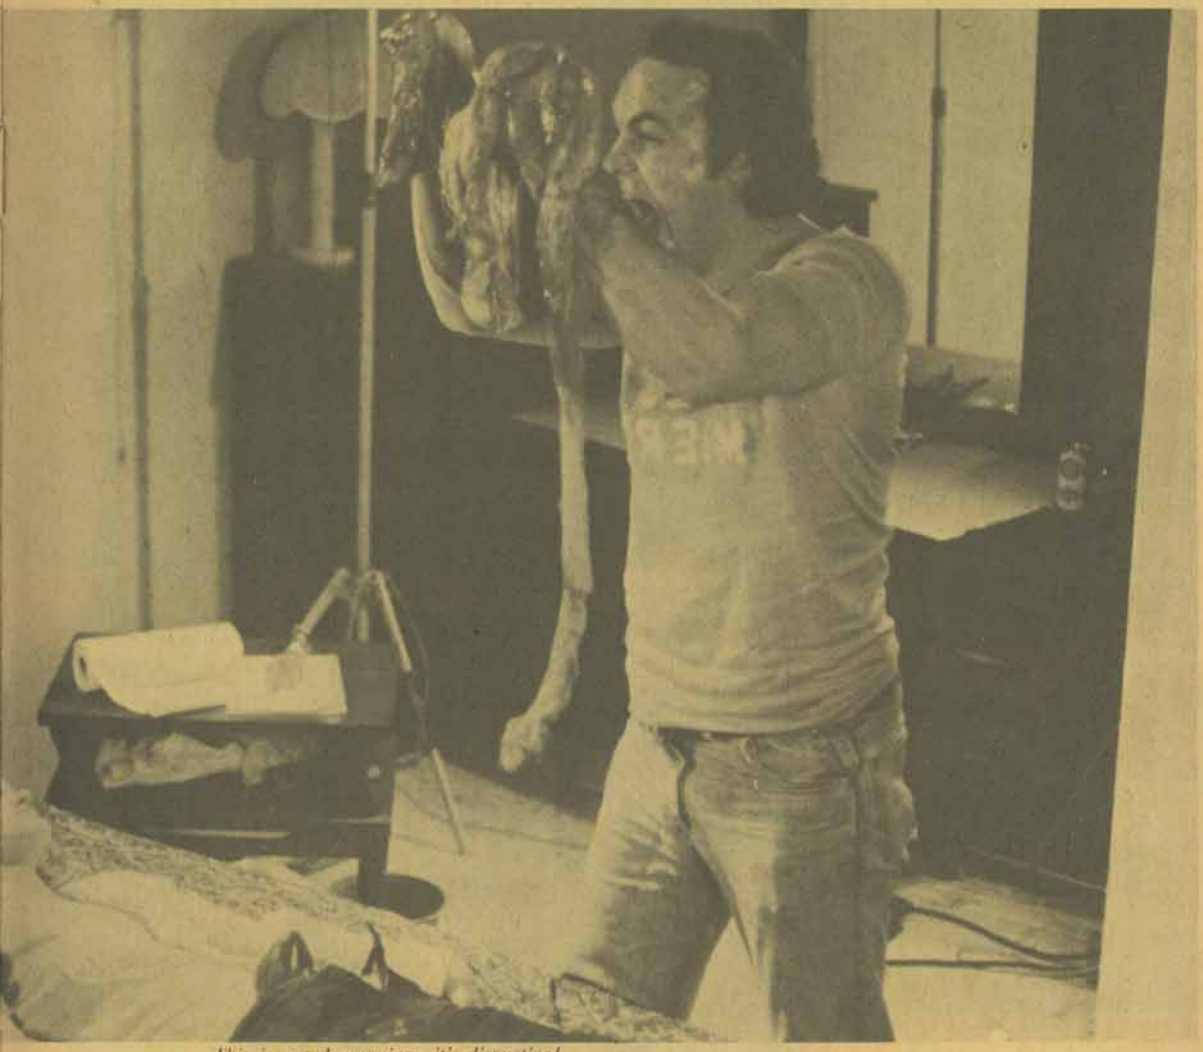
The greatest rip-off in Porn history!

Talk about phony and stupid set ups!

A memorable scene—if you like animal viscera!

■In the last several months, many thousands of people have been ripped off for five dollars or more by a man whose name they don't even know. He is the mastermind behind the greatest hoax pulled on the unsuspecting public since Clifford Irving's wife wrote H. Hughes on the back of a publisher's check.

Allen Shackelton is a balding, slim, mild-mannered man in his mid thirties. He has a degree in engineering from M.I.T. and, for the last several years, has been making a few bucks as distributor of a line of theatrical porn films of the soft core variety. But, last summer, inspiration



This is not demeaning—it's disgusting!

struck Allen Shackelton; inspiration in the form of an investigative article in the *New York Post* by reporter Dick Brass. The article dealt with rumors of a so-called "snuff" film: A straight 10-minute porno loop with the big difference being that the female participant is graphically and brutally murdered at the end of the film, all in gory detail on the screen. The upshot of the article was that although a lot of people were reported as having heard of the film no one had ever seen a copy. The police admitted that they had been investigating the rumor for several months but had never found a copy of the film or anyone who had seen it first hand. Bells started to ring for Shackelton as he read the article. Bells sounding suspiciously like cash registers ringing. He remembered a film he had seen several years ago. A feature film so badly made it was never distributed. It was a cheap jack horror film inspired by the Manson cult and filmed by Roberta Finley and her husband in Argentina for about $1.65 American. Roberta had later moved on to such great films as the hard core looser of 1975, *Angel Number 9*, which she made for Shackelton. He called her and found out that, indeed, the film was still on the shelf (where it would probably stay until it rotted). Shackelton immediately bought the right to this winner and began one of the best executed publicity hypes ever. He created several phony news clipping from non-existing papers decrying the imminent release of this "real" snuff film to be shown in local theatres in California. These he had copied and sent to *Variety*, the motion picture trade paper, without his name being mentioned, of course. *Variety* bit; hook, line and *stinker*. They ran a story about the uproar being caused in southern Cal and the story was launched. Rona Barret read

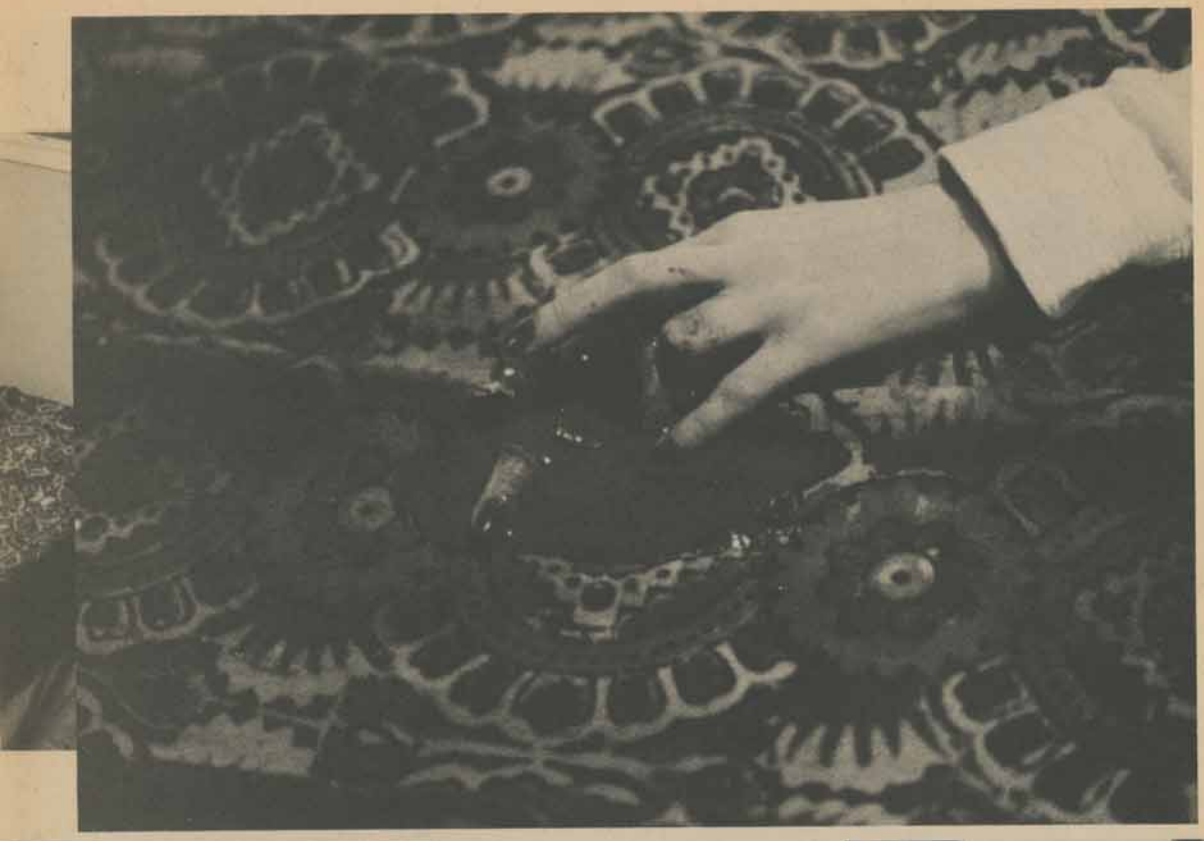
"SNUFF"

Note the phony blood under the model's hand.

The "dead" woman is almost smiling—another realistic touch!

"The making of this movie made three butchers rich—they should get screen credits!"

The plastic dummy is being fitted over the model—note the sunken bed.



Pumping the plastic dummy full of ketchup.

"The special effects are phony and ridiculous—they make the viewer laugh!"

The secret of the sunken bed revealed!

Variety and, on her coast to coast network show, demanded a U.N. investigation. *Snuff* had become a reality. Bookings started rolling in. Now Shackelton had only one other problem. The film was not only a stinker, it still had no real gory murder at the end. By now it was mid December; the first bookings for *Snuff* were for mid January. What should he do? Shackelton hired a film studio in midtown New York which, up until then had been used solely for the production of better grade porno films; he hired a production company which specialized in industrial films and commercials, but picked up extra money doing low budget porns; and, last but not least, he hired a special effects man who had done work for many TV shows and magicians. December 30, 1975, the day before New Year's Eve, they all gathered in the midtown porn studio and, with the help of several pounds of pig guts, lambs' hearts, latex fingers, arms, midriffs and three gallons of stage blood, the most disgusting film scene ever shot was added to *Snuff*.

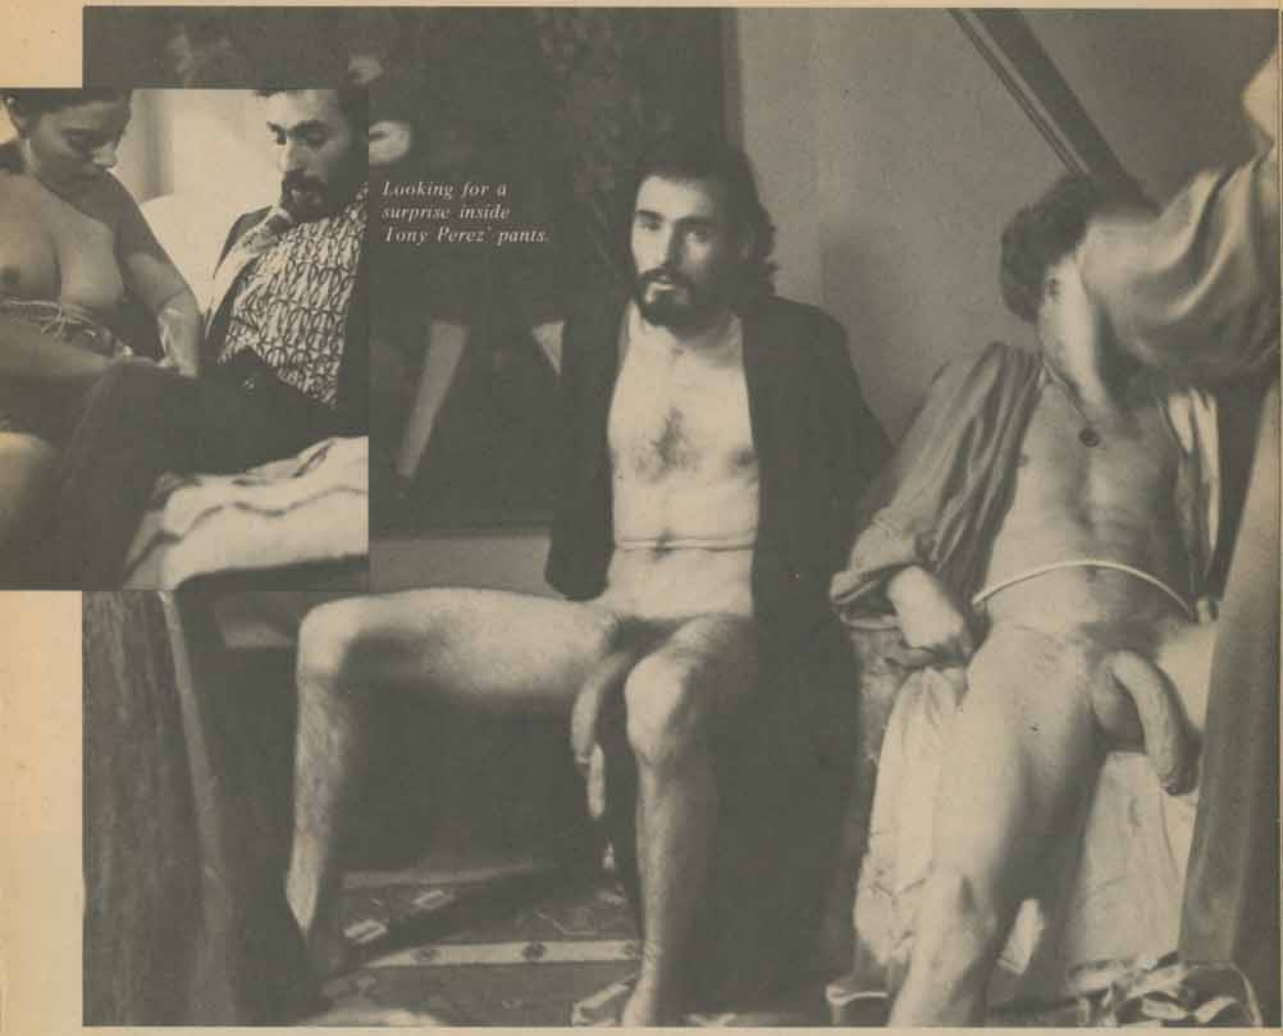
Two weeks into the new year, Shackelton was a happy man. *Snuff* had opened in several theatres in cities across the country to packed crowds. The National Theatre on Broadway in New York, which had done zero business with Hackman, Reynolds and Minelli in *Lucky Lady*, decided to change their luck and booked *Snuff*.

The great day came; *Snuff* opened on Broadway and there were the pickets. Did genius Shackelton rig the pickets? "No," he answered, "But I would have hired pickets if the real ones hadn't shown up."

So, once again, the gullible American public was taken by a fast talker with a sense of what the public will buy. *Snuff* is a total rip off from beginning to end. The public doesn't see any murders. And, as for gore, its better done in Jaws.

How does the public feel about the rip off? They love it. Today, even after it is common knowledge that *Snuff* is a rip off, crowds flock to see it. It's still playing in many first run theatres throughout the country and has done well in the multiple theatre releases in other areas.

How does Allen Shackelton feel about ripping off the American public? How would you feel if you were soon going to be a millionaire? ●



Looking for a surprise inside Tony Perez' pants.

SWEET PUNKIN

"Your average, basic good-time porn flick! It delivers everything one would want!

■ *Sweet Punkin* directed by Robert Norman, who also made *Anyone but my Husband*, is a nice, well put together fuck and suck opus.

The plot is minimal at best; the cast is enlivened by the presence of Johnny Wadd and Tony Perez, two of the supercocks of the porn world, and the ubiquitous C.J. Lange, who steals the film with her mind-boggling scene at the end of the flick. She deep throats 15 inches of Johnny Wadd, has 13 inches of Tony Perez in her cunt, and Jeff Hurst is corn-holling her, all at the same time! A very talented lady, that C.J.

The film has no artistic pretensions and, in a way, that is a relief. It promises nothing but very hot, interesting and sexy action. It delivers. What more could a porn fan ask? ●

The two best-hung men in porn hanging out.

If you had a 15" dong, you'd be smiling too!

C.J. Lange taking it in the back-door.

INSIDE MARYLIN CHAMBERS

This issue of Flick was also going to carry an interview with Ms. Chambers. Due to her bitchy, un-cooperative little head there will not be one. Ms. Chambers will not appear further on these pages. Our industry does not have room for star-struck idiots.

By Canfield Noledge

■ Superstardom for a girl who, really, made only two porno movies? There is a very good reason: They were good porno movies, but the girl, herself, is far better. Marylin Chambers, more than any other performer, caused the most stupendous revolution ever to hit the hard core cotillion. She brought beauty to the world of huff 'n' puff and pimply asses.

Not a great contribution, you say? Unless your jack off lubricant is Clearasil, you've gotta realize that B.C. (Before Chambers), most porno superstars were substars. The men looked as if the Battle of Britain had been fought on their gleaming midriffs and the women looked like mashed and remashed potatoes. As anyone knows, part of the fun of hard-core is getting to see good-looking folks fucking their brains out: Briggitte Maeir, Terri Hall and Sarah Nicholson all owe a great deal to Ms. Chambers.

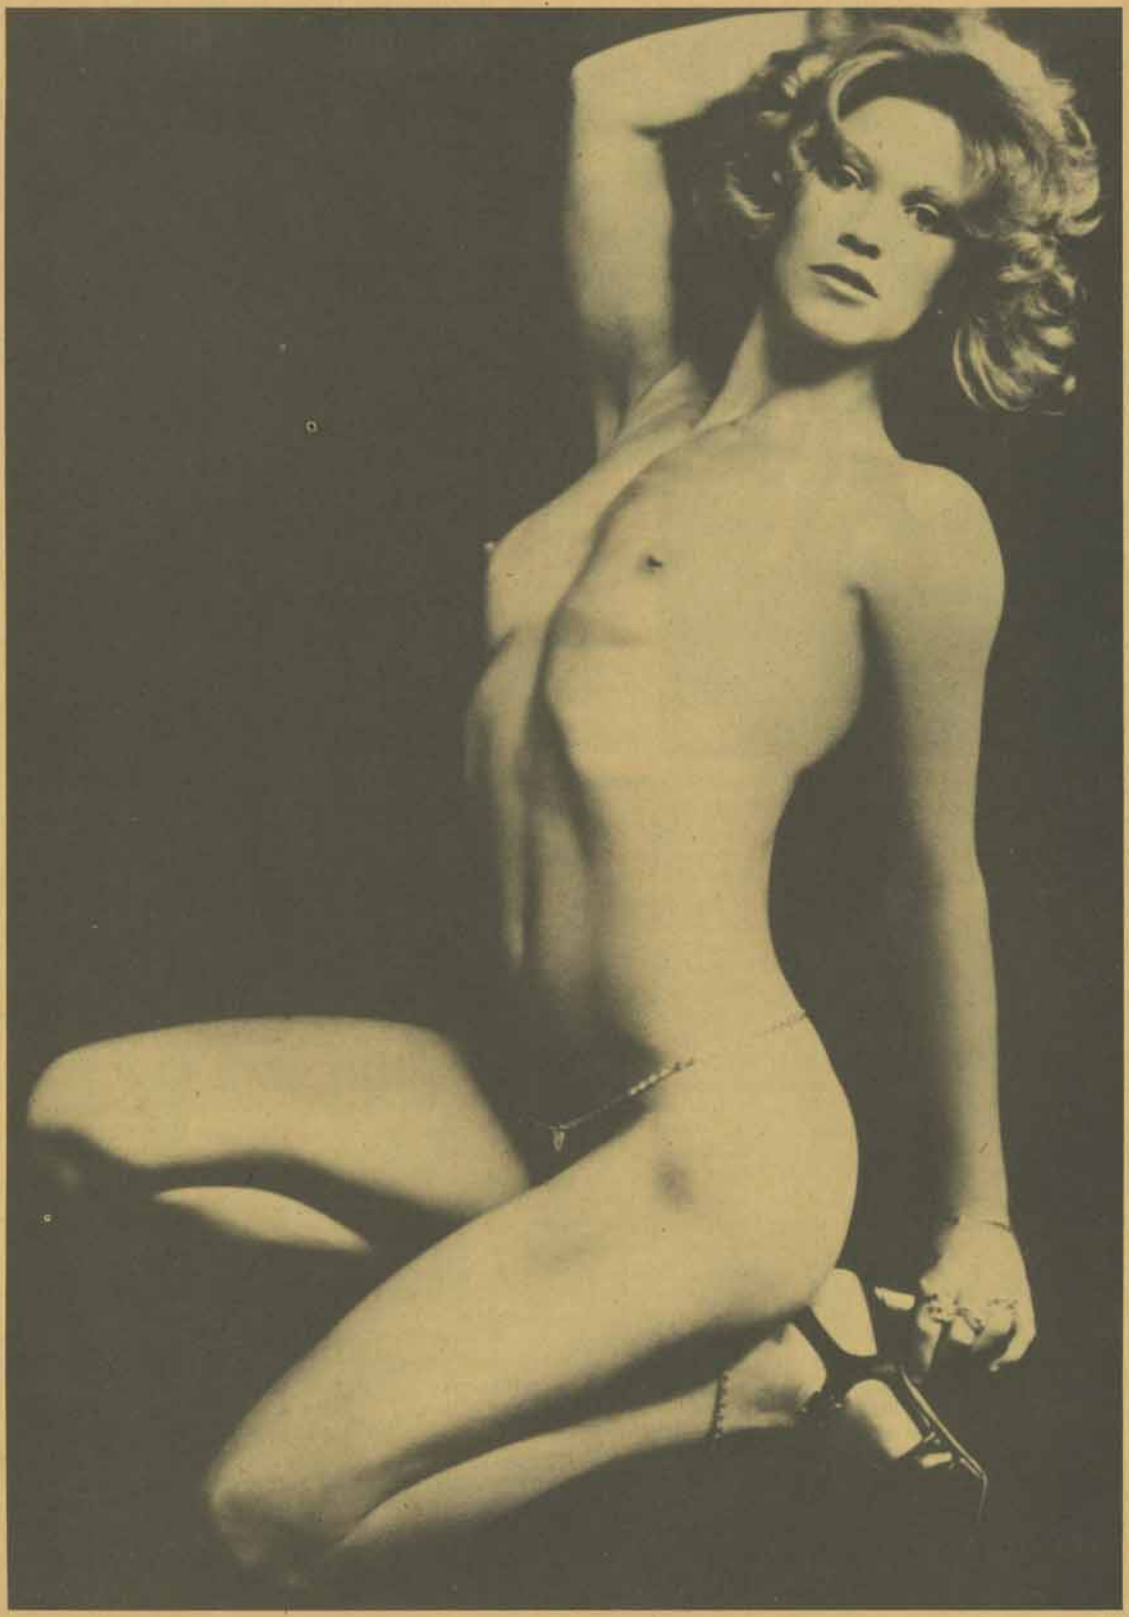
Not only that, Cybil Shepard owes a great deal to Marylin, too. Everyone knows Cybil and Marylin are really the same person. Cybil starred in *The Last Picture Show, At Long Last Love* and the current *Taxi Driver*. Although she occasionally bares a demure shoulder in these puritans flix, it is only when she—or this amazing look-alike—appears in the film like *Behind The Green Door* that she can let down her Ivory Snow hair and do things that are really fun, like pumping penis. What would American film audiences do without an outlet for the sexual energy built up by a cockteaser like Shepard? What would the public have done without a porno star like Chambers? Probably watched crappy exploitation movies like *Inside Marylin Chambers*, minus the "inserts" of steaming, badly photographed, hard-core footage.

Inside Marylin Chambers is a cash-in attempt much like a "Greatest Hits" album by a band that only had two albums before that. Things are pretty thin. For example, we're told right at the top that a Ms. Marylin Briggs was a Vassar graduate. That's doubtful. One reason: Marylin don't talk too good. She makes the cutest designs with her lower lip, but they don't teach that in classrooms at Vassar.

Then, as we watch a pretty filler of Marylin in a car and Marylin walking down the street (sexy, huh?), we learn that she modeled at the age of 17 (young-mama-on-Ivory-Snow-box-type, wholesome American, sex appeal); then at 19, she moved from Connecticut (and one assumes, a nice upbringing) to San Francisco (where, theoretically, she learned how to do the F word). It was 1971, and Marylin's tits weren't big enough to compete with Doda-ized silicone monsters, so her quest for topless dancing work was hard. Poor Marylin. Walking down Market Street one day, she saw a bagpiper named Doug Chapin, fell in love and married him. Sweet romance.

Now a family woman, Marylin had to get her tootsies in gear, so she began looking for acting work and ended up dancing topless until the day she saw an ad for movie actresses in the *San Fran Chronicle*. Through it, she met the Mitchells, porno-loop makers supreme. They were about to embark on the first quality porn voyage. They wanted her to star in the picture. She got into the fantasy involved and said yes. We are led to believe no money was involved. See the sexual evangelist. Finally someone takes his clothes off. Marylin "got into the role."

As outtakes from *Door* flash on the theatre screen, we watch Marylin wince involuntary as a decapitated dork spews semen across her white, muscular body. We see her rub it through her thick, blonde shorthairs. Then we see Johnny Keyes sitting on a dock somewhere in Frisco, looking like a displaced gypsy, talking about meeting Marylin. Keyes had been in *Jesus Christ Superstar*. Then he was in jail. Then he scored the role of the Black Stud in *Door*. A perfectly natural progression. Upon meeting his co-star for the first time, he said, he thought she was a "cute little model." They went back to his house (to get to know each other?).



If You want to see a bunch of old, lousy, outtakes of Marylin, be sure to see this film!

She was nervous. He must've been hornier 'n' a siamese cat in heat. She "warmed up, had lunch, gave good head." Marylin was learning—without studying Method Acting. On screen, we see her warming up and, one assumes, giving good head. Her lower lip has gone into artistic convulsions. Keyes speaks over the slightly overexposed footage: "We got into each other at my house. We became good buddies."

Flash to Marylin: "The concept of me and Johnny Keyes was *new!*" It's revelation time! White woman, black man! What an idea! Gee, lets make a movie! "To submit is my fantasy," Marylin says. Even better! White woman submits to a black man. A hit!

"She was tight, but warm," Keyes says. It must have been warm, all right. Keyes sweats like crazy in the onscreen footage. When it was over, when Marylin had "had her jollies" and Keyes had "shot his wad," people in the studio shouted out "Top 5."

"I got five nuts," Keyes says. "Marylin got off about 5 times. I was trying to prove the myth. I know she went out the last time." Yes, folks, according to Keyes, Marylin was so thrilled by the Black bull betwixt her gams that she faded away from this earth.

"Being the masochist I am," Marylin's intercut image relates, "I loved it."

Some more outtakes of ugly people and badly camera-angled people and a few pretty, sexy people and we learn that, soon after, Marylin and JK were teamed again in *The Resurection of Eve*. As Marylin relates the saga, she looks more and more like a victim of Valium overdose. She wanders back and forth between *Eve* and *Door*. Her fave scene in *Eve*, she says, was the one in which she's "loved" by six women.

Then comes a treat. We are told by a voiceover that one scene was left out of *Eve*. It was too hot for early '70s audiences. Now it can be shown! We see a tongue snaking up a backside, scoring and then sliding away as a cock slips into doggie position, the tongue comes back! It's daily double time at Mitchell Brothers. My God! One man has his "thing" up a woman's "thing" and the other guy is travelling up Hershey Highway. Another deletion, the voice of Faceless Narrator says, and we get to see Marylin delightedly stuffing her mouth with yet another black dick: one of the ugliest dicks to ever cross a hard-core screen. Finally, the heavy stuff comes out. Marylin gives him an ear job and he gets so turned on he puts his head betwixt her legs. A group scene follows that isn't all bad.

Now we meet Tyler Reynolds, who debuted in *Door* as a trapeze artist. He's now a porno superstar and we see clips that, if they don't make his claim modest, at least prove it to be true. He has a dick. It gets hard. He puts it in girls. Today, the narrator tells us, he's a *stand-up* comic. The question is whether he was previously not comic, or previously lying down. He claims he did porn for the bucks, to get through college. He must have been a lying down comic.

Next up is George MacDonald. "I got Marylin at the tail end," he says. "She was tired out." George must have been, too. His balls needed makeup before a terrible scene in which tongues do everything but speak. He tells of how, after hours of shooting, he and Ms. Chambers shared a shower. Marylin's poor puss was sore. George had fucked for hours and not come. Saint Marylin gave him a blowjob, because not only is it hard enough fucking in a shower . . it's even harder to fuck a sore orifice in a shower. Lucky George.

Somewhere around here the film ends. We see lots more *Door* outtakes, most of them ugly. Marylin, obviously, was not going to do any more filming for the Mitchell Brothers, what with her new musical opening in a seedy hotel near Nathan's on Broadway. So they used what they had, and a lot of it ain't so hot.

Yet, still, that image of Cybil Shepard being fucked doggie style, eating black cock, loving every minute of it from her all American blonde hair to those cleeeeeen shaven legs that wrap around you like a long piece of taffy. Oh, Cybil! Oh, Marylin! Why don't you both do dirty doublemint gum commercials? ●

THE OPENING OF

Misty Beethoven

"Hollywood has finally come to porn . . . the best and lushest porn movie we have ever reviewed!"

■ There is only one word to describe *Misty Beethoven*, and that is lush. The movie reeks of good taste, talent and an obviously expensive budget. *Misty* is the first porn film that actually has good acting— Jamie Gillis is extraordinary—a good story line and a very credible cast of lovely, delicious people.

The plot is a re-make of the Pygmalion legend, as told through "Misty," played beautifully by Constance Motley. She is taught the finer points of fucking and sucking by Dr. Love (Jamie Gillis), and she succeeds to such an extent that she gets three guys to come at the same time!

All the hard-core sequences are shot with loving attention to detail to such an extent

Isn't nice to see a maid who knows her place!

Constance eating out a friend while the husband looks on to keep score!

Practice makes perfect—as Constance finds out!

Constance Motley and Jamie Gillis are first rate actors—porn or legitimate!

Constance Motley and Jamie Gillis are first rate actors— porn or legitimate

Constance getting some first-class head.

that the viewer will forget he is watching a film instead of being a privileged voyeur.

There is ample humor and *Misty* is actually shot on location in Europe—a combination very few, if any porn films have ever offered. Special mention must be made of Gloria Leonard, who is one of the most erotic and sensual women ever to grace the screen. She brings a femininity to the movie that will make you want to horse-fuck the screen.

There is much more that can be said about the movie—all of it good—but this is one film that has to be seen in order to really get its full effect. *Flick* does not have enough words to praise the film; the photos give you only a small taste of what it's like. Don't walk, *run* to see *Misty* when it comes to your neighborhood theatre!

HELEN LOVES TO TAKE IT IN ALL HER HOLES SHE'S ALWAYS READY, WILLING AND ABLE TO OUTFUCK, AND OUTSUCK ANY TEN WOMEN IN THE WORLD!

Hi guys:

I love the films you make together—even the private ones, and especially the one where you played the cheerleader, Helen! My buddies and I get a real bang out of seeing you in action. What we want to know is—is it all fake? Are you just playing for the cameras, or are you really turning each other on? Write and give us all the dirt.

Best regards,
Ricky

What, are you bananas? How could a guy possibly ball a chick like Helen and *not* get turned on? Helen, like many other women, responds very deeply to certain forms of stimuli. The female of the species turns on to fat wallets, classy cars, celebrity status and big dicks . . . but more than anything else, and I mean this, they want the kind of lover who takes them right out of their hungry little heads. No, seriously, Helen and I make it good because of what we mean to each other, not how easily my cock fits into her tender young, highly photogenic cunt. Even the other sex maniacs I ball will flip over a guy with five inches as against one twice as hung, provided he knows what to do with it—and her. One of my happiest secrets for turning Helen on . . . well, I'll give you a description. I'll lay on top of her, lock my hands around those wonder-

MOVING WITH HELEN AN

buns and put my lips very close to her sexy, shell-pink ears. Guys think you need music of the TV or the vacuum cleaner to give rhythm to your raunch—no way! One of the most arousing things about sex are all the natural sounds that go with it. When you're deep inside her you ask, very low, can you feel that, babe? Of course, if she says no—there's a definite problem. Talk filthy! Get down to basics! Some of Helen's very favorite words are cock, cunt, prick, deeper, more and oh, wow! That should give you an idea. Just keep up a dirty conversation, very softly, letting loose such gems as, 'C'mon, baby, move your ass . . . that's great! Fabulous!' Breathe heavy, mumble, whisper when you can . . . just make sure she can hear how excited she's making you. Let her know, man! I've always said that the ear is one of the sexiest openings in the whole body. Am I right, Helen?

HELEN: Yeah!

IS THIS THE COCK THAT HAS FUCKED A THOUSAND CUNTS AND HAS BEEN SUCKED BY ALL THE WOMEN OF NEW YORK? NO WONDER MARK IS SMILING!

D MARK

From their own kinky corner of the porn playpen, Marc 10½ Stevens and Helen Madigan take on all comers—all their letters that is.

Hiya Marc, . . . not to mention Helen:

I have a girl who demands to pay half the bills, keeps her own hours (we live together) and runs a really independent life. The funny part is that she really goes crazy when I get rough and start pushing her around in bed. Does she want me to just take over, period . . . or is this just a sex game where I don't know the rules? Best of luck with your new book . . .

Harry

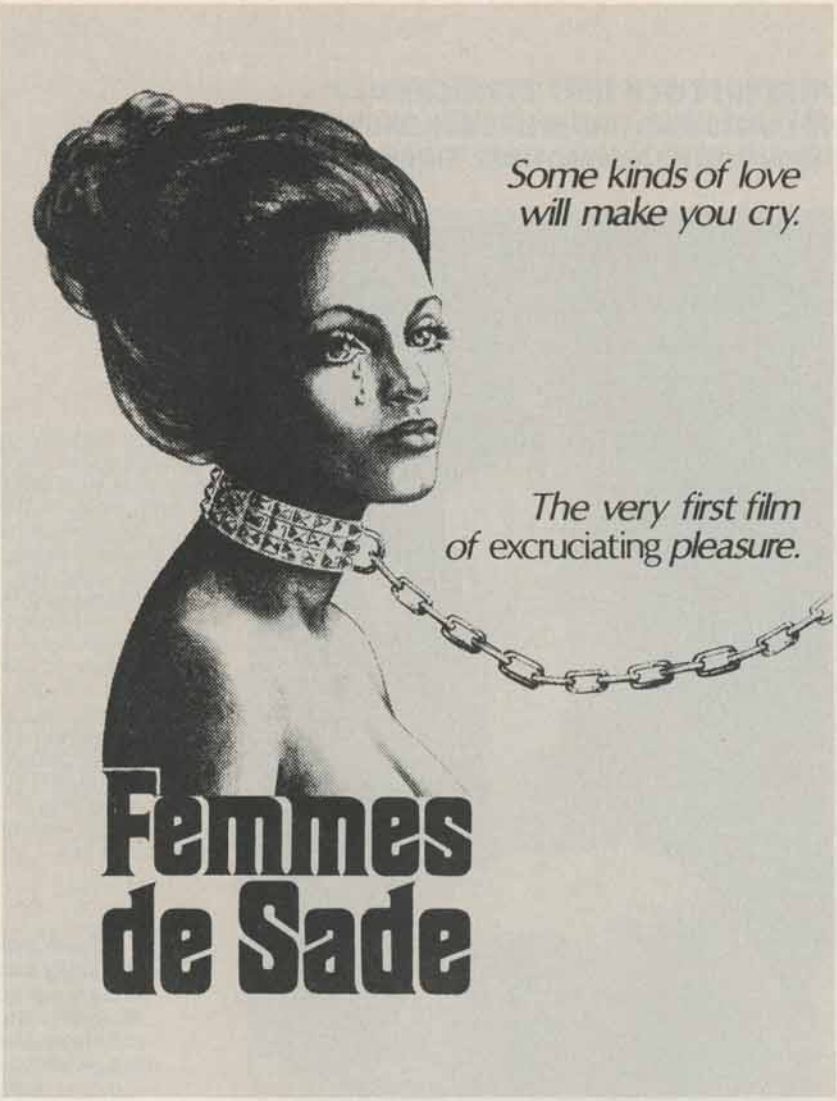
Listen, pal, this is the one time when you can really let your male chauvinist fantasies run loose—and you'll come off looking good. When you've reached that stage of intimacy, just keep in mind she's waiting for you to attack. Be aggressive! Ask her right out if that feels good and if she wants more and how much.

HELEN: *Lots* more, that's how much!

Well of course, Helen Ready is rather prejudiced, as she gets so much of the good stuff every day. If I dared to say that women want to be dominated in bed, I'll get five thousand letters from these babes in motorcycle boots who'd rather stomp than switch, but it's the truth . . . *only* in the sack, though. Don't get confused. Just because she wants you to screw her toenail polish off doesn't mean she'll pay the *whole* electric bill, I've found—unless she happens to be much older and much richer, which is a whole other trip, but not nearly such a ball.

This is a good place to say a few words in favor of unnecessary roughness. It might get you penalties on a football field, but it'll get you a lot of grateful sighs from your lady. A good slap on the ass, a few nips on the upper thigh—dynamite! Helen hardly ever starts that long, high squeal that tells me she's launched into overdrive until I really start cuffing her, hard, on that energetic little tush. Try it—if your girl doesn't like it, you'll hear about it pronto. But women have a big hangup about asking guys to get wilder . . . they figure it doesn't make them look ladylike, or some equally cosmic horse manure.

HELEN: Yeah!



"Femmes de Sade is a picture about pleasure and pain. It will astound and amuse you . . . a sure hit!"

■"FEMMES DE SADE"—a new motion picture by Alex De Renzy, who is recognized internationally as the undisputed leader and innovator of quality erotic films. DeRenzy has been acclaimed the world over for his fearless excursions into the realm of eroticism and sexual entertainments.

"FEMMES DE SADE" is about a social outcast who has been released from San Quentin. Rocky de Sade, a seven foot tall ex-con, thumbs a ride with Joey, another former inmate, and Joey's girl, Alice. After a pleasurable reunion between Joey and Alice at the young couple's idyllic mountain retreat, Rocky assaults the couple, then goes on a perversely painful pleasure hunt amid the denizens of San Francisco's sub-culture. He roams that city's famous North Bay environs, picking up hookers and junkies who ply their trade in the area. Not satisfied with what they have to offer, Rocky develops his own special talents for self-induced auto-eroticism. But he leaves a trail of blood behind him. He eventually wanders into Johnny's fantasy-hype sex shop. (Johnny is a daydreamer whose fantasies include a below-decks engine room scene between three sailors and a girl; his private vision of a gynecologist's office; and an oriental love-bath with two Japanese girls).

Leslie Bouvee beating her lovely meat and getting ready for more!
A nice, wet, juicy gash, courtesy of Leslie Bouvee.

An orgy is the ultimate ego trip. Johnny Keyes and some friends are getting ready for Annette Haven. She doesn't look like she minds, does she? Femmes de Sade explores sexual possibilities that boggle the mind. And are guaranteed to get you up and off!

But Johnny and his friends don't like what's been happening on their turf since Rocky's arrival on the scene. When Johnny's own girl, Royce, is brutalized by Rocky, they decide to avenge the miserable sadist. They choose the night of the Big Ball and welcome Rocky to their costume-party extravaganza. Within the lavish setting of a Bay area bondage club, Johnny, Royce, and their friends prove that even vice has its virtues—and teach Rocky a lesson he won't soon forget!

DIVERSIONS

"A soft English import that just ain't going to make it here!"

From this she gets off—if you can believe it!

The apples are more exciting than this scene!

■ The English are justly renowned for many things: they have given us the Magna Carta, The Beatles, Princess Anne and cute sports cars. They are an inventive people and can make a lot of things.

Unfortunately, they don't know how to make a good porn film. *Diversions* is their effort at a "major" porn film, and they fall way short of the standards we have attained. When was the last time you saw a two hour porn film without a single blow job? When was the last time you saw a porn film with two, count them, two, come shots? That, ladies and gentlemen, is the extent of the action in this film.

The rest is phony, soft core shit that would make Russ Meyer weep with shame. The cast is about as sensual as a withered leaf, the action incredibly dragged out and boring. According to the information we have, Derek Ford directed and wrote *Diversions*. Mr. Ford seems to be as talented as his namesake in the White House. Or maybe he gets his kicks out of making two hour films that are long on promise but very, very short on performance.

There is a very gory castration scene in the film which, I suppose, will appeal to the blood and viscera lovers out there, but that does not justify two hours of yawns.

Either the British should take some advice from their American cousins in making *good* fuck films, or else they should leave the fucking to those who can deliver. ●

TO BE A GODDESS

It isn't easy these days to be a goddess. Gloria knows, because she's been worshipped more often than she'd care to count. "I know I'm beautiful," Gloria said, "and because of it, a lot of guys put me up on a pedestal and worship me. To me, it's a real drag. I'd much rather be a human being, and be loved rather than worshipped!"

STARLET OF THE ISSUE

SUSIE

I'm a shameless bitch and I admit it! My biggest turn on comes from showing my body off to men. I love to see them lust and pant. It gives me a sense of power and makes my slit wet and horny. Can you see how nice and wet it is?

I decided that I'm going to use my body. Since I'm an exhibitionist at heart, I might as well get paid for it. Porn-films are well-paying and fun. Where else can I get my rocks off and get lots of lovely money? This spread should get me lots of offers.

Can't you almost taste my juices? I love playing with my love-button and start the slippery stream. My fingers are so well trained I can come instantly.

My breasts are also important to my orgasm.
I lick and fondle them till my nipples harden and spurt.
One finger in my snatch, one on my breasts equals heaven!

This is my favorite position. It shows off
my aching slit and my creamy and willing ass.
Wait till you see what I can do in films!

A SIP OF SHERRY

No, she didn't swallow a watermelon seed, but she should have swallowed that spurt of lovely cum instead of taking a bellyful. "That's what I get for lying down on the job," Sherry moaned. "Hell, there I was flat on my back, pushing and pulling at that fat big cock of his—we knew it was the wrong time of the month, we knew I had run out of pills, and we knew what the consequences would be if we didn't stop. But, oh, it felt so good, so big and hard, that I just couldn't let him pull out before finishing off. Well, you pays your money, you takes your choice. At least he was my husband!

"Teenage Twins . . . delivers something which is unique to any film . . . will stir up controversy wherever it plays!"

Teenage Twins

■ We have just screened a modest little porno which, in spite of a rock-bottom budget and uneven acting, stands a good chance of becoming this year's *Deep Throat*, both in terms of audience interest and box office returns. The film is *Teenage Twins*, directed by that tried and true workhouse of erotic cinema, Carter Stevens, and starring two bright-eyed and sweet-fleshed newcomers to fuck film stardom, Brooke and Taylor Young.

The simplicity of the sets and the austerity of the camerawork shout "low budget" loud and clear, and we mean low budget, even by the skinflint standards of most American porn. Add to that: acting which varies from very good (Tia Von-Davis as Mother of the twins of the title; Eric Edwards as her lover) to pretty awful; *add to that* a script which is sometimes funny and clever and sometimes just plain dumb. Mix well, and you have a film which could have been just another cure for insomnia.

BUT (and this is a really big one), *Teenage Twins* delivers something which, at least to our knowledge, is an experience totally unique in any film from Damiano to Disney, something which may stir up controversy in fields as widely divergent as psychology, film theory and law. Precisely what, is something we'll get to later.

According to the hype, *Teenage Twins* was written by Al Hazrad, supposedly a debauched Turkish expatriate who fled his homeland under cloudy circumstances. While at times Hazrad's script is literary to the point of idiocy, it is often good fun.

Hope and Prudence Danforth (Brooke and Taylor) are two pretty, bright and lively young girls. They are also identical twins, a fact which causes deep conflict

The twins spend a lot of
time finding out what the other one
tastes like; it's like
watching a mirror come to life.

The joys of beating one's meat solo is not lost on Brooke as she lets her fingers do the walking.

between them. They are so close in the psychic sense that they have a strong telepathic bond: whenever one twin receives extreme physical stimulation, the other twin *feels* the stimulation telepathically, as though it were happening to her. This telepathy effect is doubly aggravated by the twins' wide differences in personality: while Prudence is a very conservative, straight-laced girl in terms of sexuality, Hope is well on her way to harlotry and is into sexual experimentation of every kind. One plot line in the film concerns Prudence's attempt to control herself during Hope's sexual escapades, and Hope's attempt to make Prudence less hypocritical and more sexually free.

The twins' stepfather, Kenneth Danforth, is a college professor who has a deep and long-term fascination with the supernatural. He has, after years of search, come across a copy of *The Necronomicon*, a medieval book of magic which really works. *The Necronomicon*, by the way, is a "real" book. Originally invented by the great pulp horror writer H. P. Lovecraft, it has shown up in the work of a great number of horror-fiction writers over the decades and has taken on a life of its own. Used book dealers constantly receive requests for it from gullible collectors.

Kenneth, his wife and her lover decide to use the spells in the book to give themselves immortality. But the spells call for a virgin sacrifice (a sexual sacrifice, *not* a snuff). When Hope hears this, she realizes that Prudence fills the bill, and she sees a way to get Prudence off her back: she tricks her sister into taking part in the ceremony by telling her it is a ritual to sever their telepathic bond. But her underlying aim is to put Prudence in a situation where she will be forced to realize she, too, has something of the slut in her and, so, stop, her nagging and moralizing.

Along the way to the ceremony Hope insures the cooperation of Kenneth, his wife and her lover by sexual blackmail:

Brooke and Taylor discover that three or more people
can have a great time in bed-providing they find the right hole!

she seduces all of them, separately and in various combinations. The ritual takes place and is successful, but it ends in a wild orgy, as the participants discover they have mistranslated the text. What they have gained for themselves is not eternal life, but eternal potency. They are "doomed to an eternity of fucking."

Early in the film, Hope has a totally debauched fuck and suck session with a truck driver she picks up. We "see" each thrust and slurp through Prudence's eyes, which is to say, we don't see Hope at all. We *hear* her and the trucker doing their thing. We *watch* Prudence first try desperately to turn off her telepathic buzzing, by huddling in her bedroom and clutching a bible. But at last succumbing to her sister's passion, she grinds that same bible into her own pussy as she masturbates to mind-fuck orgasm.

The use of contradictory images, the innocence of the young girl praying and the same girl tearing off her panties and playing with her pussy, makes for a very hot scene. The skillful use of *visual* sex along with a totally different *sound track* sex act also heightens the erotic effect.

The end result of the twins' journey is pure and dynamite sexual ecstasy!

The scene is very fine and horny, but the next scene is the absolute kicker. And now, if you haven't figured it out already, it's time to get back to our original point: the "something" which makes *Teenage Twins* totally unique.

After her scene with the trucker, Hope drags her ass home, to find her indignant sister waiting up for her. Prudence starts arguing bitterly, trying to shame her sister out of her slutty behavior. Hope accuses *her* of being a sexual hypocrite. Tempers flare, and the verbal arguement quickly degenarates first into a wrestling match, then into Hope's lesbian rape of her uptight twin. The scene culminates in a mutually exciting tongue and finger fuck.

We sat watching this erotically high-pitched scene, and about half way through, it suddenly dawned on us. Hope and Prudence Danforth (Brooke and Taylor Young) really *are* identical twins! In the middle of a work of dramatic fiction, we are witnessing *a genuine, real life case of incest!* We began to watch carefully. In the context of a low budget

DOMINATION BLUE

Domination Blue takes you inside a prison full of street mamas and shows you how they learn to obey!

■ The one great thing about the porn film industry is that there is always room for new talent. Joe Davian is a new director and we have just looked at his first film, *Domination Blue*. The story is set in a women's prison and, naturally, there is a very strong S&M flavor to the whole production.

Surprisingly, it works. One possible reason is that Joe has assembled a good-looking, enthusiastic cast of newcomers; they take their work seriously and work with flair.

There are all kinds of good fucking between inmates, guards and one particularly hilarious sequence, where the prison supervisor gets his rocks off by sticking it to a plastic "love" doll.

Teaching an old dog how to behave.

Some plastic head is pretty good.

Spare the rod and spoil the Barbie Doll.

A new way of making a man feel!

Using a whip to teach obedience—the hard way!

Red Baron is about ready to show Sharon Mitchell what a real chili-covered piece of meat tastes like!

Whatever your sexual preferences are, you will find something to your taste in this, no holds barred, film. Newcomer Sharon Mitchell, who is one of the most stunning (and capable) porn stars we have ever seen, delivers blowjobs that can almost be tasted right through the celluloid! Sharon has a big future in the business and one look at the film will tell you why! Vanessa del Rio is superb as a street mama; she is either a great actress or a dynamic lady to watch out for. Red Baron is the well-hung prison guard who teaches Sharon the joys of chili-covered prick.

We have nothing but good things to say about Joe Davian's first effort as a porn director. We expect the second and subsequent efforts to be just as good, too. ●

HOLLYWOOD TITS AND ASS

By J.S. Brooke

The saga of the stars of today and tomorrow and the interesting scenes they acted out to get to the top . . . most of them being on their bottoms at the time.

■ The whip whistles through the red-lit air and lands with a loud *thwack!* on the already well-welted ass, leaving another glistening red tracer that slowly fills with hot blood. Again and again, the air is rent with the sound of leather meeting flesh and the naked girl screams all the while, even though the smile on her face and the steady trickle of panting saliva down her jaw makes you wonder just where all the pain is.

Even for non-leather freaks, the movie is hot cunt erotic. The chick is absolutely gorgeous and her writhing in obvious pleasure at each stroke could probably raise the most palsied cock to full salute.

When enough blood is raised from our sweetheart's ass to float a small battleship, the nude gladiator-type who has been meting out all the punishment evidently decides that enough is enough. He turns her over on her back and proceeds to raise a little more blood out of her tits, big but absolutely firm and riper than a sixteen-year-old virgin on the corner of Broadway and 42nd Street. Again the whip, the welts, the blood. And more of that smiling and writhing and panting and begging for more pain and more.

God damn, but that chick sure gets what she wants. Finally, after even the raincoat brigade has left whatever resistance they entered with back in the men's room, the chick is untied and her leather halter lifted roughly from her face. Another guy enters and, without a word of polite introduction (not even a chat about the weather, her bruises or *anything* civilized), he shoves his really enormous cock right up her asshole. The chick doesn't even bother to scream, maybe because she's got the first guy's tool so far down on her throat that the most she could do is gurgle anyhow.

When she's got the first guy nice and hard and covered with her saliva, she guides him underneath her and shoves him as deep into her cunt as he'll go. The other guy, meanwhile, still pumping away like a jackhammer, now feels the second cock through the thin membrane and starts to get off even more.

Even though the chick is obviously enjoying every damn minute of those two cocks thumping into her ass and cunt, and her whole body is ringing away in a crazy kind of symphony, her mouth, empty now, is open again and looking for more meat.

To make a long story short, the chick is eventually taking care of five different guys. The ones in her ass and cunt, of course, and also alternately hand-jobbing and blowing three others. Finally, when it looks like that whole luscious body is just going to split right in two, all five of them come at (surprise!) the same fucking time! The three in front of her make it a special point to let their juice spurt all over her laughing face, while her tongue does double time to try to lick them clean before they finish. The guy in the ass comes with a loud shout and keeps slapping her ass hard while he shoots his load all over her hole. The guy in her cunt keeps biting those still bouncing tits as his load comes on hot and heavy. Finally, after a few dozen orgasms, the body stops shaking and the chick, still smiling, smiles at her men and walks out the door. The ass still looks right nice and tight, even with all the welts.

Normally a film like that wouldn't be any bigger deal than any other film that had that much action with a chick who was beautiful, built and fucked like a go-for-broke chorus girl. The difference here, though, is in the identity of that vixen who bounced so merrily through the entire episode. While everyone assumes the only chicks who make loops or even feature porn are unemployed waitresses, or college kids looking for some extra bucks, our heroine turns out to be an actress of fairly wide renown. Without opening ourselves to libel, let's say that she's dead now (true), murdered (also true, and she probably loved every minute of the bloody orgy, too!) and was married to a famous foreign director.

One final thing on the mystery lady of this first flick—if you ever read *Playboy*, you'd certainly recognize that body. You might even recognize the face.

CONFESSIONS OF A MALE WHORE

By Chris Hutchinson

Chris works at a brothel where the customers are women and where the men ply the oldest profession.

It's one thing being a home-town stud, something else again being a professional stud in a city with such a truly cosmopolitan flavor as Amsterdam. Women travel from the most remote corners of the globe to avail themselves of the stud services of the Adonis, Amsterdam's first—and Europe's second—brothel for women. The social climate in Holland is very liberal, a fact which particularly seems to attract women from the Middle Eastern countries, where the female of the species is as repressed and downtrodden as it was five hundred years ago.

Even before starting work at the Adonis, I'd heard stories of how women from Turkey and some of the Arab countries had very strong sexual appetites—once they were separated from their menfolk. After all, it surely figures that five hundred years of repression **must** involve the accumulation of one hell of a lot of sexual frustration.

It wasn't long before I was to experience the sexual aggression of two women, the wives of two Libyan consular officials. It was as though they'd been chained all their lives. Once they undressed they were at me like a pair of lionesses in heat. One seemed to get her thrills by sitting on my mouth, leaning forward and masturbating me into the mouth of her friend, a swarthy, rather unattractive woman in her mid-forties. For a moment I had a crazy thought—that they were mother and daughter (the age-gap was about right), but eventually decided this was perhaps unlikely, to say the least.

After an hour or two with these two "ladies," my body was the bearer of a host of impressive—and painful—scratches, and my staying power was being put to its all-time test. Not content with my adequately proportioned penis inside her, the younger girl bade me insert the fingers of my right hand also. Talk about insatiable!

These Middle Eastern ladies give a stud a hard time because, unlike European girls, they feel no need for an emotional side to a relationship. Whereas a Dutch or English girl needs to be kissed and cuddled before the commencement of sex—though she may know full well that you're a stud—the Middle Eastern girl will take you for what you are—and squeeze the last drop of juice out of you.

Now that I'm on the subject of race, would it surprise you to know that I've only once been required to service a black girl? This is due to the fact that in many European countries, in Holland—but

especially in Italy—black girls are very much in demand. A black girlfriend of mine claimed that while on vacation in Florence, she had been pestered by the Italian men so incessantly that she had no choice other than to cut short her vacation and return home to London where, for some inexplicable reason, even the most attractive black girls are ignored by the white male populace. Of course, I can't vouch for the truth behind those stories about black men being the best lovers, but I **have** concluded that black women, particularly the West Indians, certainly are **not**. They tend to be lazy, and conservative in their preference for sex positions. Now, the black American girls are superb, but where and when in Europe does one get a chance to meet them?

And now to complete my resume of Girls of the World. A is for Austrians—few and far between in Amsterdam (but very clued to oral sex)—and Australians, who are big, broad-hipped, loud-mouthed and surprisingly possessive. In fact, two Aussie girls have asked me to pack up work and return home with them. Breeding was never my style.

European Jewish girls, especially those from Othodox backgrounds, are frequent habitues at the club, and I find them absolutely faultless between the sheets. They all accept fellatio as part of normal foreplay (as opposed to considering it a favor), and they're so sensitive as to require little physical effort to bring to orgasm. But above all, it's their capacity for imagination which excites me the most. They know better than any other women how to dress for the bedroom, showing a particular fondness for stockings and suspender belts (their lingerie is always figure-hugging and immaculately erotic). Also, Jewish girls are far less susceptible to having slack vaginas. I've fucked several who've had two or more children, and they're still as tight as freshly-deflowered virgins. Fabulous.

The quickest comers in all the world have got to be the Orientals. A sexy little Japanese girl walked into Reception one evening, boasting she could take on our biggest stud—Klaus, an eighteen-year-old from Bremen, the proud possessor of eleven inches of solid male meat. A very kinky young lady she was, too, insisting that all the boys in the rest-room come into Klaus's suite to watch the event.

With his customary disregard for convention, Klaus lifted the girl's skirt and pulled down her panties. Just a token patch of hair marked her vagina beneath which her tiny pink labia pouted open—barely a quarter of an inch across. It certainly seemed doubtful that Klaus would even be able to squeeze his bulging helmet into her, never mind his long, vein-covered shaft. He stepped out of his jeans and unscrewed the top from a large jar of Vaseline, smearing great globs on the insides of the girl's outspread thighs, as well as all over (and inside) her tight little pussy.

The girl groaned and clasped his neck as he worked the first two inches into her. She was so tiny and so thin that, as Klaus edged more and more of it into her, the bulge could be seen moving up her belly, coming to rest just beneath her navel. One could almost detect a brutality in his actions as he very slowly withdrew, then violantly thrust the massive shaft deep into her belly—as fast and hard as he could go.

Already the girl was coming, clawing frantically at Klaus's broad shoulders. After three such cruel insertions, she'd had all she could take. Pulling his impressive shaft out of her wet slit (accompanied by a loud sucking noise), Klaus asked her the size of her husband's penis. "So," she replied, pointing to what looked like less than three inches from the base of his penis. No wonder she needed stud service!

I am very concerned that I don't give the reader a false impression of life at the Adonis. Though rarely a day passes without being called upon to service less than six women, it's rarer still that an even passably attractive women asks for stud services. Every so often one has to swallow personal ideas of attractiveness and perform with some unfortunate female, and in such circumstances it isn't always easy to sustain an erection. And this is how the boys at the Adonis earn their money. Among my less memorable experiences were nights spent trying to satisfy the sexual whims of several unfortunate misfits, including a hunchback and a woman whose face and breasts were badly disfigured by burns.

For occasions such as this, not even the most satyr-like of studs are expected to get an erection, and Yobinol tablets are prescribed by the resident medic. Yobinol is the only true aphrodisiac in the world, a derivative of the sap of the yohimbine tree, which is found only in parts of central Brazil. But don't waste your time trying to get your doctor to part with a Yohimbine prescription—it's only prescribed for impotent old men.

If there's one type of knowledge that comes with working in a brothel for women, it's of the female aging process. After only a few weeks' "service" at the Adonis, I learned to tell a woman's age merely from the condition of her body. The decline in physical condition becomes apparent after her first pregnancy—sagging breasts and buttocks and stretch marks. Otherwise, so long as she is fit, she can sustain her looks until her mid-thirties. And then, when those looks start to go, when she no longer succeeds in attracting men, that's the time she is most likely to turn on to the idea of stud service.

Indeed, I've had sex with some pretty abysmal physical specimens in my time, there being an abundance of overweight women in Holland. One such woman who

still persists in coming to the club (and asking for me) is so obscenely fat that I can only penetrate her flab enough to get the end two inches of my erection into her.

The ingenuity of some of the clients at the Adonis is quite remarkable. But then, one has to bear in mind that many of the ladies have had twenty or thirty years of sexual experience behind them. They're hardly likely to gain satisfaction from the customary wham-bam. They all have their favorite methods of stimulation, some of which are worth mentioning because they are so incredibly bizarre. Like the French lady who enjoys having a narrow, greased leather belt passed between her plump thighs and slithered up and down, up and down, right between her labia and directly over her clitoris. Like the Dutch actress who claims she can only do it to a background of early Sinatra songs (dreadful!). Or like the nervous, horribly overweight young Belgian girl who insists on bringing along her elderly husband, who sits demurely in the corner of the room until it's all over, then pays me in dollars. **Always** in dollars.

Strange as it may seem, pregnant women are by no means a rare sight at the club, although we naturally discourage those who are in an advanced state. Apparently, pregnancy is a condition which provokes in some women a state of sexual insatiability. And considering that many husbands are reluctant to penetrate their wives during the last five months of pregnancy, clearly this can be a very frustrating period for the household woman. I'd always wanted an opportunity to have sex with a pregnant girl, and when this chance finally arrived I was enthralled by the beauty of it all. The girl was six months gone, her belly the most perfect shape, her breasts full and rosy-nippled; and I regret that, as a result, I was unable to sustain my thrusting efforts for more than three frantic minutes!

As the reader must be aware, there are certain moments in a woman's life when, despite her strong feelings of sexual arousal, her partner is nevertheless loathe to make love to her. This is yet another appealing aspect of working at the Adonis. If an attractive girl asks for stud service, she almost invariably turns out to be in her period. Personally I'm only too glad to get a chance to have even a passably attractive girl—period or no period.

The Adonis offers many services besides the brothel itself. Our boys are frequently "leased" out to blue film producers, private orgies, and for straight house-calls, and I've had my fair share of all three of these "extra-curricular" activities. I really enjoy acting the stud in blue films, and particularly I get a tremendous kick watching myself on film, getting stuck in those gorgeous Dutch and Danish girl porno actresses. They're so sexy and loose they let you do anything you like to them. And I mean **anything.** Angie, for example, is always seen hanging around the office of Lasse Braun, Amsterdam's most successful and original manufacturer of hardcore. She gets her thrills by playing the role of a sort of perverse secretary. Every time a client or customer calls at the office, she uncrosses her legs, opens up her fanny and starts playing with herself. Some guys get so flustered and freaked-out that they get up and leave, blood at boiling point!

Talking about offices and secretaries brings me to my experiences at private orgies and parties, in particular those held by a certain local businessman who has an absolute obsession for office-and-secretary sex scenes. One room of his house has been specially converted: filing cabinets line the walls, and two rows of desks, complete with typewriters, "in" and "out" trays and even tape dispensers add the final dash of authenticity. What follows is an amateur dramatic presentation. Three or four "secretaries" sit at their desks, busily typing away, when in walk two "sales representatives"—myself and another of the Adonis boys. (I should mention that throughout this procedure, the patron sits around on a spare desktop, stark naked and sporting a hard-on of quite respectable dimensions, and masturbating whenever his fancy is taken by the sexual goings on.)

The idea is that an office seduction scene takes place, an opportunity afforded by the absence of the "boss," who presumably is away on some business or other trip. We sit on the desks, chatting with the "secretaries," who respond amiably to our brazen overtures. Caresses are exchanged, buttons undone until the girls' breasts are hanging free, lips hovering tauntingly over the tips of our exposed genitals. An orgy of the most mind-bending proportions ensues. Skirts rise to immodest levels, pantie-crotches are pulled aside, labia become wet and pouty, penises find their way into every body orifice. Sperm flies . . . frantic orgasms over office desks . . . great fun and great orgasms had by one and all.

Private common-or-garden orgies are like-wise a tremendous buzz. The usual set-up is a prearranged kinky party, usually instigated by some forty-year-old female who lets her equally horny girlfriends know that there'll be some **real** studs in attendance. You've no idea how the idea of a male sex object appeals to women, especially the married variety. Here's the chance for them to have a wild affair without having the worry of emotional attachment. In other words, they can fuck themselves to exhaustion without having to think twice about the consequences.

House calls can be a fantasy come true. They can be hell on earth. There's simply no way of telling what you've let yourself in for. Oddly enough, house calls are predictable. I'll guarantee the woman comes to the door in a nightie; that she'll pour you a drink; that she'll be pawing your crotch before five minutes are up; that a certain part of your anatomy will be in her mouth before ten minutes are up; that within thirty minutes of having knocked at her front door the sperm will long since have left your body.

I never cease to be fascinated by the extent to which women's sexual appetites differ. You might think that the woman who's obsessed with penis size, who

demands prolonged, almost violent attention, is the most highly sexed of all. Not so. The horniest ladies are those you can bring off by licking and sucking. The most highly sexed of all usually come within three minutes of penetration—not just once, but three, four or five times. And because they come so quickly, they never get sore or chafed—so the chances are they're feeling the urge far more before six or seven hours are up.

The most sensual client I ever had the pleasure to service was a delightful, though not too attractive, thirtyish Finnish woman. All I had to do was kneel before her, her legs outspread and placed on two kitchen chairs on either side of me. Holding her vagina open with the fingers of my left hand, I'd gently flick at her clitoris, occasionally letting little gobs of saliva drop on to her. It was utterly amazing to watch, for as her arousal mounted her clitoris swelled and started to twitch, turning from a pale, pinkish color to a deep, angry purple, swelling in size, turning from a small speck less than an eighth of an inch across into a spherical, wet, throbbing organism the width of a man's thumb nail. When she started to climax I used to have to hold her down, literally, or else she'd be kicking and strugging all over the floor.

Because I'm so highly sexed, I'm always looking to get laid, even during my off-hours. I've got two girlfriends who work the Red Light district and who appreciate my sexual capabilities to the extent that they're always happy to let me have it free of charge. (Or is it a professional courtesy?)

I must sound pretty big-headed (do I hear cocksure?) and arrogant, the way I relate my sexual experience. I can't deny it. I am convinced, too, that the root of man's ego is in his penis. Whoever heard of an arrogant man with a tiny prick?

And so, in the face of increasing controversy and outrage (a very British word, that) my work continues. (I honestly get the feeling that the entire married male population of Amsterdam would happily hang my colleagues and me up by our predictables.) But business is business, and the Adonis continues to thrive, gaining in popularity from day to day. Surely it can only be a matter of time before brothels-for-women catch on in other parts of Europe and even in America. I hope to live to see that day—there will be far fewer hungry women around, for a start. Which will mean, if nothing else, that I'll be able to cut working down to five days a week! ●

The *next time* you see a beautiful girl...anywhere, at a singles bar, on the beach, in your office or factory, or even on the street, you'll be able to move into action with incredible ease. We give you a whole section of the book on dynamite approach techniques, even a couple that can make shyness work for you! You don't have have to be especially good-looking, or own a Mercedes, to succeed with us. The book does the work *for you!* And it doesn't matter what type of girls you prefer, sexy curvaceous brunettes, lissome long-haired nubile young blondes, firm-breasted long-legged redheads—they're all yours for the asking, *once you know how.*

Stanley Conner has been devilishly successful with women himself using precisely these techniques that he has developed. He interviewed more than fifty girls in order to re-check what he'd found out from his own experience. They told him what made a man special for them, what in a man they responded to, why they would agree to go out with a particular man who spoke to them, and what turned them on sexually. *All* of this *hard-to-get* information is in this dynamic book.

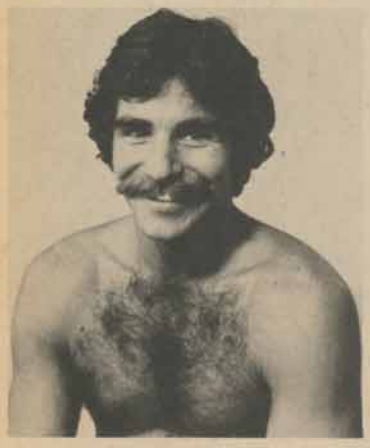
HERE COMES HARRY REEMS

By Harry Reems **Reviewed by**
Pinnacle Books, $1.95 **DICK LEITSCH**

Sex is supposed to be fun. If Harry Reems's autobiography is to be believed, nobody has more fun with sex than he does. He's eaten, screwed, cornholed and been blown by Linda Lovelace, Georgina Spelvin, Andrea True, Darby Lloyd Rains, and nearly all of the other great leading ladies of porn. He estimates that he's shot something like four gallons of cum in their faces, on their bellies or butts and, occasionally, in their vaginas. (The latter is discouraged, as porn mavens are convinced the audiences want to see the stud shoot.)

In his chatty, no-holds-barred book, Reems gossips about the private lives and sexual techniques of stars of erotic movies, recounts his often hilarious off-



screen adventures as a super stud and tells what it's like to make love while a crowd mills about, hot lights burn into your skin and the glassy eye of a camera stares. He also tells how you can go about becoming a porn star, how to make a blue movie, how to give head and how to generally improve your sexual technique.

He also tells us how a nice little Jewish boy from Harrison, New York learned about sex, lost his virginity and became a sex symbol. If it's any consolation, fellas, Harry's puberty was no less bleak than yours or mine.

"The day of my bar mitzvah," he confesses, "I was filled with shame. Shame that I whacked so much." Then came the search for the real thing, and

Open For Business

They call it Vickie's "Boutique." It's a dark place. And damp. Ms. Vick opened it to the general public several years ago—and the customers have been coming regularly ever since. You'll love the decor: pubic pink on the inside, curly blonde fringes on the outside. How does one get in? Merely press the little button above the front door.

(Continued from page 59)

the games girls play: the cock teasers, the pigs, the weepers. And the usual condom, carried in the wallet for three years with no chance to use it. And the guilt that is the gift of our mothers (what are mothers for?). He tells of the first time he went down on a woman. She insisted, of course. "I tried. I gagged. And I saw a millenium of Jewish mothers unto the great-great-great-great-grandmothers all shaking their fingers at me. And intoning in one great primal scream: 'It's dirty!'"

Screw called Harry Reems "the cock that Linda Lovelace, Tina Russell and Georgina Spelvin have ridden to sexual stardom." Harry's mother's reaction to his film career: "What you do is dirty. You should be ashamed of yourself. What kind of girls are you with? Are they clean?"

"Now, Mom, would you find clean girls in a dirty business? They're mostly diseased, and they smell like rotten fish.

With Shawn Harris in Sometime Sweet Susan.

You get a lot of freaks, too, girls with three tits."

Let her worry. What are mothers for?

Here Comes Harry Reems not only traces our hero's rise to stardom, but it takes us on a guided tour through the porn flick industry. We meet his costars and find out what they're really like—and who gives the best head, who's the best lay, and who are the nice ones and who are the creeps.

"What's Linda Lovelade really like?" people always ask Harry Reems. The flip answer is "Once you get into her head, she's really a very deep girl." His sincere appraisal is "I really liked her. She was a good, sweet, warm, friendly person . . . shy and naive (with) no pretensions, no ego. She had electricity. You smiled at her. Those puppy eyes turned to you . . . and it was the Fourth of July."

It ain't easy being a porn star but Harry Reems, a "nice, all-American boy who made good by being naughty" loves his work and we loved his book. ●

HOLLYWOOD

(Continued from page 53)

Contrary to the yokel's impression of porndom, our sweet, late asswhippee is not the only star of consequence to ever grace some of the sleazier movie houses of Times Square. In fact, just to whet your appetite, a *short* list of those rumored to have appeared—fucked, sucked, etc.—in a number of films includes: Chuck Connors (supposedly just as hung as his rifle), Barbra Streisand (even though the film featuring her or a damn good look-alike didn't have one song in it), Jayne Mansfield, Mary Tyler Moore (and the guy supposedly with the chick in the film didn't look at all like Lou Grant), Jennifer Jones (maybe we've finally found the reason why all those guys keep on getting engaged to this dynamite broad) and the late Sharon Tate, for whom I would have given fourteen Hershey bars for just a quick five minute bath.

Now we have to say "rumored" and use a lot of "allegedly's" because, otherwise all of these nice people would sue the pants off us. And even if you've got a copy of the film which includes a woman who looks amazingly like La Streisand, you sure as hell, on pain of permanent-type death, can't just come right out and say it *is* Barbra Streisand. Even though the chick *really* looks amazingly like her. Gosh, what a remarkable alleged coincidence!

Anyway, a lot of you might be asking, "Why would Jennifer Jones, Mary Tyler Moore and all these other chicks ever make a porn film. Jesus, they're stars! They don't have to fuck and suck for the cameras!" True, passion breath, but even Mary Tyler Moore wasn't always successful. And even Jennifer Jones probably had some days in the early stop-and-go years of her career when bread was in drastically short supply.

Porn has *always* been a quick and relatively easy way to earn some fast money. Features are usually shot in a maximum of two or three days. From each day of shooting, maybe an additional half dozen loops will be culled. With the exception of certain strange New York operatives, the guys in charge are usually *not* your average Mafia-type with seventeen guns placed strategically over their body. Usually, they're just normal slobs out to make a quick buck like everyone else. The houses the films are shot in are where people actually live, so it's not like fucking and sucking on a roach infested mattress in some fleabag hotel.

And the pay is good (a minimum of $150 a day for a hot chick who really digs cock) and promptly received . . . the same day. Hell, for that kind of guaranteed money, we should be up there on screen!

Because of all the above reasons, porn has, and probably always will be, a place for those temporarily down on their luck who just happen to be able to take eight inches up their ass without a whimper. And since the director is *only* interested in those aspects of your performance, no one there cares what you "really" do. For the day, you are a receptacle for every cock in the joint and baby, you better suck them all off, let the come dribble down your cheek and enjoy every minute of it.

What surprises a lot of people, given these rather basic requirements, is that so many of the porn *stars*—Marc Stevens, Harry Reems, Marilyn Chambers, etc.—are quite talented people. A lot of horny guys remember the snaky gyrations of Georgina Spelvin in *The Devil and Miss Jones*, but how many of you could match the lady's Broadway credits, which just happen to include a long tenure as Shirley MacLain's understudy? Or Jamie Gillis, who usually says little as he shoves some willing chick's head down onto his ever ready cock, yet is actually quite articulate, especially since he is quite well known—on the legitimate *Shakespearean* stage, yet.

Perhaps the most famous face to grace the screen and make no bones about his new career is Craig Baumgarten who, once upon a time, was Mayor Lindsay's fair-haired advance man and confidante. Craig evidently got a little tired with the fucking that goes on in politics and decided if he was going to get fucked, he might as well get paid for it. You can see him doing a marvelous job on Shawn Harris in *Sometime, Sweet Susan*. He's also started to produce a number of his own hot flicks. John Lindsay does *not* appear in any of them.

Well, friends, if Mary, Barbra, Chuck and the rest were all poor and starving at one time, too, why is it so outlandish to believe it's possible they would bare all for enough bread to make one more week of auditions?

Of course, there are other reasons films continue to crop up featuring one or another Hollywood starlet or, even better, established star. Hollywood has never exactly been your local, average conservative neighborhood which holds morality on a pedestal. If the rumors about wild Hollywood parties—heterosexual *and* homosexual—featuring a variety of your favorite late night hosts, TV stars and movie actors and actresses are usually pretty racy, the truth about those parties is even racier. Rarely is that truth let out beyond the clique of tintypes who frequent the orgies themselves. A couple of years ago, someone did manage to smuggle out a report . . . and a film. For money, of course.

The party was a full weekend swinging scene held in one of the plushest houses Beverly Hills has to offer. All of those stars were there, including a number of producers, their favorite starlets hanging on their every word, moneymen and other power brokers. From the outside, it looked like any Hollywood affair, although perhaps the sounds emanating from the heated, indoor swimming pool made it sound a little wilder than most. It wasn't until you got a peek indoors that you realized just how cooking that party really was.

The hostess of the swinger was one of the biggest stars in the business. When you entered the front room, it was easy to find her and say hello. She was the one hanging on the pool edge while a well-known late night talk show host buggered the hell out of her lovely lily-white ass. In variuos other corners of the room, the stars and starlets were becoming equally confortable with one another.

One of the bigger (in many respects) black comedians had a couple of comely white chicks hanging on everything he said. They were also literally hanging . . . from a pair of trapezes craftily hung in one room. While the funny dude stood in the middle, the girls would swing back and forth, one's tongue happily going down on his massive joint with each

swing, the other shoving a huge vibrator up his ass on the return flight. He might have said something lame about getting it coming and going, but he was grinning too much and shooting his load all over some pretty boy who happened to be lying under him with open mouth.

The best scene of the night, though, featured a television star whose name and face . . . and, unfortunately, not all of her body . . . are common sights, weekly, on the boob tube. It seems the lady was getting over a recent split with her partner and was using some of the studs at the party to take her mind off the lousy ratings her new show was getting as a solo act.

Our lively damsel had evidently been there for some time. There were already a number of guys walking around telling about how remarkable she had been a few hours before. But her performance that greeted us made us truly marvel, especially given that kind of time lag.

The chick was laid out in the master bedroom, furnished, it seems, with only one possible idea in mind—supplying everything you could possibly want for truly elegant fucking. The bed was bigger than king-size and draped with pink satin sheets. The headboard revolved the entire bed and contained enough gadgets to give Buzz Aldrin headaches. Everything from stereo to a bar was at fingertip control, including, of course, every imaginable sexual device under the sun. The lady had evidently decided to experiment with each one to see which would give the best results.

The pile of dildos, cremes, whips and chains that had already been discarded as too tame were already on the floor. When we entered the room from a far corner to watch inconspicuously, three guys were getting ready to really go at it. The chick lay on the bed, her whole body churning, even though no one was touching her yet. Her long, jet black hair was still sleek and lay like a nocturnal sunburst around a face that made you horny just to look at it. She was evidently taking a small breather, mentally at least, even though her body was still going strong with whatever orgasms the latest device had triggered.

As the churning slowed down, she smiled up at one of the studs over her, who immediately plunged into her waiting twat. He thrust at her so hard I thought that body was going to split right in two. But before he had even begun to get it on, I could see that body begin to respond. She was getting it on like no one had ever gotten it on. I hadn't ever seen such sheer animal passion come out of a chick. She was writhing and screaming like a caught coyote in heat, shoving that hot steamy cunt back and forth, up and down, making that guy hold onto her like

a bucking bronco.

Then suddenly, she threw him off! May be the bucking bronco analogy wasn't so far out after all. He didn't seem to mind, though, even though it was obvious he hadn't come near coming.

The chick was oblivious to the whole thing. She was still coming like a freight train. Before the churning could even slow down again, another guy threw her over on her stomach. In one move he shoved his fist deep into her ass, never pausing to say, "excuse me." She just kept on groaning and writhing away. And everybody in the room seemed to be getting off with her. She was obviously totally out of her head with sex, and if you've ever been there, you know how freaky it can be . . . and what it can do to anyone else around.

She threw the second guy away, too, forcing his fist out with just a quick flick of that ass. Before she could turn over again, though, a huge black guy who looked vaguely familiar (it would have been easier to recognize him with shoulder pads) shoved a huge black dildo up her ass and, in the same motion, his own joint—just as goddamn big—right into that sweaty cunt.

Now the chick was going like tomorrow was never going to make it and, looking at what was going on, I wasn't sure she was going to make it *to* tomorrow! She was grabbing for anything nearby. One guy shoved his cock into her mouth, another in between her really glistening and heaving tits, shooting off his load right on her left nipple. Another rubbed his cock in that luxurious black hair that speaks so much of our star's Indian heritage, and left his cum dripping from the split ends. More and more, men and women, everybody came to give it to the star who just couldn't get enough, who took on every comer and made them come like they never had before. She was dripping with cum from her tits, her hair, all over her ass and cunt, and still kept that churning body going, begging for more, more cock, more cunt, more cum to block out whatever she was trying to forget in that one huge orgasm.

Finally, with a shudder that I thought just might be a death rattle, it stopped. Just as sudden as that. All was quiet. She lay, miraculously, asleep only seconds after the last man had shot his load somewhere over her anatomy. And, as everyone drifted out of the room to let the famous one sleep, I noticed the little guy in the corner with the movie camera.

And stumbled onto a whole story. Sure it made sense that the biggies used to be poor and starving once and needed bread,

ergo a quick trip to the cock factory. But didn't it make just as much sense that these same stars, now, *right now*, might just get it on as our *cherie* just did and simply want to preserve all the fun for later viewing? After all, a session like that would always be good for instant turn-on, especially if, sometime, someone needed something special to turn them on. We found out later that's just what this chick had done and so, evidently, had hundreds more before her.

Now, given so many films running loose in their owner's (or, perhaps, special guests') homes, wouldn't you think that sooner or later someone would get the bright idea to rip said film off for all the bucks it would fetch? Who wouldn't pay for a loop of Mary Tyler Moore with her favorite German Shepherd if it existed? (And we sure wish it did!)

Similarly, the stars themselves are surely aware of the price a feature like that would fetch on the black market. Nobody would probably recognize them. Even if someone did, it's easy to talk about look alikes and all that crap. And so what if the distributor went around bragging they had the original loops of Barbra Streisand, as many do? Who would believe the native sleazo from 42nd Street anyhow? Besides, that's what press agents are paid mucho moola for.

And that, friends, is what we discovered after all this research. Although a number of now-superstars didn't mind recording their peckers and cunts a few yesterdays ago, it is far more likely that a film offered by your friendly vendor, supposedly showing Jennifer, Barbra, Mary or some other super-broad, might well have come from one of those swinging parties. Either some "friend" ripped off the star's own film or the star sold it him or herself for extra bread.

Not that we're saying with any certainty that any of these films are really around . . .

But that chick with a big nose sure has one tremendous twat. And even without singing a note, she sure *looks* like . . .

Ah, never mind. No one would believe it. But check out films supposedly starring some of these All Stars and see if you don't agree—it looks curiouser and curiouser the more you watch those famous faces attached to those hot bodies, and everyone telling you it's not who you *really* think it is! ●

"Honey, where did you get that beautiful mink?" the office gal cried. "I've been struggling for years to get one!"

"Darling," replied her friend, "just stop struggling."

Teenage Twins

(Continued from page 46)

film there was no way the twin-effect could have been achieved by clever camera work, special effects or make-up. Brooke and Taylor are unquestionably sisters and unquestionably into each other sexually.

Teenage Twins is a clear case of a low budget working in a film's favor. What we would tend to dismiss in a more costly production as cinematic trickery, we accept *here* as reality. The simple setting makes Brooke and Taylor's sexual love (we are tempted to call it *self* love) stand out clearly and blatantly.

When we contacted Carter Stevens, he claimed that introducing the twins in a stark, simple production was a conscious strategy: he was hoping for just the effect we've mentioned. Of course you can take that explanation or leave it: it might just be after-the-fact rationalizing. Another statement of Carter's, which you can take or leave, concerns the twins' present whereabouts. When we told him we'd just *love* to interview the twins (at least for openers) he claimed he has no way of getting in touch with them. Brooke and Taylor are Southern gals, and it seems they've gone home to mama.

It seemed to *us* that a more likely reason for Carter's reticence is his attempt to protect the twins, until public (and *legal*) reaction to *Teenage Twins* is made clear. After all, incest *is* still a crime. But when we suggested as much to Carter, he denied any such worries on his part. He pointed out that, in spite of their looks, Brooke and Taylor are consenting adults and, further, that there is some question as to whether "sexually related acts" between two women, even if they are sisters, constitute true incest. Well that sounded like hair-splitting to us, so we asked if he was worried about possible legal action against him.

"As far as I know there's no crime called, 'conspiracy to aid and abet the commission of incest,' " was his reply.

Well, anyway you look at it, *Teenage Twins* is a daring, history making movie. For Carter's sake, we hope he's right but, uh, just in case . . . go see it *soon*. ●

After a very wild night, lover boy looked down and asked: "Do you tell your mother everything you do?"

She answered: "Certainly not. My mother doesn't give a damp. It's my husband who's so inquisitive."
